

## **Meet your Teacher:**

### **Nancy Brier**

Hello, I am Nancy Brier and I began my teaching career in 1989, in the private sector, teaching Louisiana History and US History on a part time basis. I accepted a full time position, again in the private sector, teaching Kindergarten. In 1993 I accepted a position in a public school teaching students with the most significant disabilities and I haven't looked back. In 2000 I received my Master of Education in Special Education from The University of New Orleans with emphasis in Severe/Profound Disabilities.

It has been an extraordinary delight to work with students with disabilities. Goodwill L.I.F.E. Academy is an extraordinary place where students learn and grow into extraordinary citizens.
